Scully Welding Supply Corporation was founded in Collingdale, Pennsylvania in 1947 making it one of the oldest and most reliable welding supply distributors in the Philadelphia area.

With over 60 years of experience, we continue to offer the highest quality of service and dependability in the industry. Our welding supply division provides our customers with industrial and specialty gases, welding, industrial and safety equipment, welding machine & tool repair and rental, as well as the technical knowledge that is needed to support our customer base.

Serving three states from our three locations, our distribution network ensures same or next day delivery on all customer orders. If shutdowns or emergencies require after hour or weekend deliveries, our trained staff is available 24 hours a day, seven days a week.

HOISTS AND CRANES

In today's industrial environment there is no room for equipment that isn't performing at 100%. At Scully Welding Supply keeping our customers' operations running smoothly is accomplished by offering the highest level of service – from repairs to rentals – it's what we're all about. Need expert repair? Equipment Calibration and Certification? Preventive Maintenance? Temporary equipment? We are here to serve your needs.

## Welding Equipment and Power Tool Repair

Our experienced and certified technicians know today's more complex welding equipment inside-and-out. They'll pinpoint the problem, make adjustments when possible and get your equipment back up and running again, fast. We cover warranty requests on most popular manufactures including Miller, Hobart, Lincoln, ESAB, Thermal Dynamics, and more. We can also schedule annual Preventative Maintenance along with Calibration and Certification services. We also facilitate direct factory repairs on all Metabo brand grinders and power tools .

## Equipment Rental

Need professional welding equipment for temporary use? We offer a variety of equipment rentals, featuring the brands you know and trust including Miller, Lincoln, Hypertherm, Thermal Dynamics and others. Call us for positioners, rolling equipment, plasma cutters, Oxy-Fuel Outfits, Cylinder Carts, Cylinder Cages and Fume Extractors.

## Harrington Hoist Repair and Certification

Scully is one of the few factory certified service locations in the Tri-State area. With in-house facilities to certify up to 10 Ton units with our SHLT1 Load Tester (pictured) Scully is your choice for sales and service on any manually operated Harrington Hoist product including Lever Hoists (LB, LX), Hand Chain Hoists (CB, CF, CX), Trolley Hoists (NTH, SHB), Manual Trolleys (PT/GT) and Beam Clamps (UBC).
